

DEANNA D'AMORE

Ms. D'Amore heads the Norwalk Health Department- the central hub for COVID response, information and vaccination coordination. She has tirelessly worked to educate policymakers and the public alike during every stage of the COVID crisis. Her input was invaluable during the first days of the pandemic, when Norwalk was at the forefront of the crisis. Whether crunching numbers, running a vaccination clinic, testing clinic or investigating complaints of violations of the Governor's executive orders, Deanna has tirelessly worked to keep the residents of Norwalk safe.
